

Upright Storage Locker Mono Hinged

Model Number, JURL1000MH

Product Summary

This New Zealand made Jaloc Upright - Folded Sheet metal Locker is architecturally suited for indoors -storage room, garage or covered basement carpark area.

The custom designed Jaloc Upright storage locker is a hinged door sheet metal storage cabinet that is made to order. Single or multiple shelves are available in either fixed or removable position.

Construction is monocoque- Sheetmetal panels with strategic folds are electro riveted together using stainless steel rivets for strength and durability. Electro-Galvanising and Dulux Powdercoating is optional for appearance and longevity.

The locker can be fitted with an optional perforated top panel when installed under a building fire sprinklers. Ventilation lovers are also available.

The door is mounted on steel hinges with hardened pins. Locking systems available include quarter turn cam locks and padlock tabs. Multi point locks are optional. Twin doors are recommended for wider cabinets.

The locker height can be adjusted using screw in adjustable feet or shims. Fixing to wall or floor is required. Not suited to stand alone installation.

Use is suited to general purpose, shelf weight limit approx. 30kgs.

Made in New Zealand, in custom sizes as required. Minimum order quantities apply.
